Executive Director's Report (cont'd)			Commissioner Vance Bowman inquired about the criteria for employment of Camden residents in connection with the USEDA grant. Chair Gloria Pena asked, in the event the USEDA grant is awarded, who will be responsible for monitoring the hiring of Camden residents. Ms. Johnson informed the Commissioners CRA will coordinate employment monitoring duties with City representatives. Commissioner Bryan Morton encouraged staff to secure input from traditional as well as non-traditional developers for the Pierre Building RFP. Ms. Pena concurred. Mr. Morton also noted discussions are underway for a \$30 million project and only the big three (3) developers have been included. He also noted Facebook is the preferred form of communication with Community Residents. Ms. Johnson informed the Commissioners of CRA's practice of advertising broadly through newspapers and email. She also noted the creation of an expansive database for this purpose. Commissioner Jose Vazquez inquired about what remediation needs remain at the Radio Lofts, how much it will cost, and whether demolition would be less costly. Economic Development Director James Harveson explained under the terms of the Redevelopment Agreement, CRA is responsible for seeking funds to remediate the site. Mr. Morton also asked if Block N would be tax-exempt if Rutgers is designated as the Developer. Ms. Johnson advised that a Service Agreement would likely be required.
